Thematic Call for proposals: Pulsed Directed Energy Effectors

PRE-PROPOSAL DESCRIPTION

Compulsory document - must be completed - *in English*

*Before completing, please consult carefully the **Information document** and the **evaluation matrix for pre-proposals**.*

PROPOSAL'S ID	
Project Acronym	Click here to enter text.
Project Title	Click here to enter text.
Research Theme	☐ Theme 1 - Pulsed Microwave Technology Bricks ☐ Theme 1, but contains aspects of theme 2 as well ☐ Theme 2 - Pulsed Laser Technology Bricks ☐ Theme 2, but contains aspects of theme 1 as well

Please note that the font used to complete the documents must be in Calibri, size 11, with 1,15 line spacing.

☐ As the coordinator, I confirm to have read and to have asked all the natural persons involved and mentioned in this Pre-proposal to read the Privacy policy related to the DEFRA programme. Furthermore, I confirm to have obtained these persons' explicit consent to process their personal data in the context of this privacy statement.

PROJECT SCOPE

Explain how the project answers to the research priorities of the call (cfr. Sections 2.4., 2.5. and 2.6. of the information document)

[1/2 page]

1. PROJECT OBJECTIVES

Explain the scope of the project and break it down in major research objectives, making sure that those are SMART (Specific, Measurable, Accountable, Realistic and Time-related) defined.

[1/2 page]

2. INNOVATION WITH RESPECT TO THE STATE OF THE ART

- Briefly explain the state of current knowledge at national and international level on your topic.

[1/2 page]

- Briefly explain how your project is original and innovative with respect to the current state of the art.

[1/2 page]

3. RELEVANCE AND POTENTIAL IMPACT FOR DEFENCE

Explain the relevance and potential impact of the project (e.g. its methodologies, processes, technologies, developments, outcomes, insights ...) for Belgian Defence, in relation to the expected impact for this call (cfr. information document sections 2.4 and 2.5.).

[3/4 page]

4. QUALITY OF THE FUNDED PARTNERS / PARTNERSHIP

Proposals can be submitted by a **single organisation** or by a **coordinating organisation on behalf of a consortium of partners**

In case a proposal is submitted by a single organisation, this organisation is considered as the coordinator.

Research institutes (public or private non-profit): please provide a short description of expertise and skills for each partner: • Relevant publications and/or products, services, achievements over the past five years • Relevant previous projects and/or activities (ongoing or finished) over the past five years • Relevant infrastructure / equipment that can be used for the project • For the coordinator: references of proven experience specifically related to the tasks of the coordinator (cfr. information document, section 3.5).	**Private companies:** please provide a short description of expertise and skills for each partner: • Relevant active production / research activities in Belgium • Relevant products / prototypes / research projects (ongoing or finished over the past five years) • Relevant Infrastructure / Equipment that can be used for the project • List of defence customers (countries) over the past five years for the described product range • For the coordinator: references of proven experience specifically related to the tasks of the coordinator (cfr. information document, section 3.5).

Only for the funded partners! Non-funded partners will not be evaluated!

[1/2 page per partner]

COORDINATOR

PARTNER 2

PARTNER 3

Copy the table to include more partners if needed.

If applicable, briefly explain the added value of the partnership in addressing the topic of the proposal, such as the complementarity between the partners in order to achieve the project objectives.

[1/3 page]

NOTES FOR COMPANIES, A(I)SBL AND FOUNDATIONS

1. Upload the extract(s) of the UBO (Ultimate Beneficial Owner) register on the SharePoint site of the call.
2. Upload the Company Honourability and Vulnerability self-assessment declaration on the SharePoint site of the call.
3. The consent form relating to the law of 11/12/1998 on classification and security clearances, security advice and the publicly regulated service (available in Dutch and French on the DEFRA website) must be completed by the principal investigators (who belong to a company, a(i)sbl or foundation) mentioned in this proposal and sent to bureau.industrie@mil.be for verification
4. Send the proof(s) of dispatch of the consent form(s) for security verification to defra@mil.be

The delivery of these documents is a formal requirement for a valid application for the call. The documents must be delivered, even if they already have been provided in other calls or for other proposals.
