CALL FOR PROPOSALS 2013

Polar & Subpolar Call 2013: Ship time application to carry out research in the polar and subpolar regions. **Deadline of application: 24th of May 2013.** *Full proposal submission.*

Super-Integration Call 2013: This Call seeks to identify a truly cross cutting proposal, able to prove its scientific excellence, i.e. mobilising private and public funding structures on top of EUROFLEETS funding. Visit www.eurofleets.eu and submit an “Expression of Interest” until the 15th of May 2013. The “Expression of Interest” is not binding but desirable. **Logistically accepted pre-proposals will be invited to submit a full proposal from the 14th of June till the 16th of September 2013.**

Embarked Equipment Call 2013: Equipment time is offered within participating scientific marine equipment (2x 3D HD TV Cameras, 2x ROV and MARUM-MeBo) to be deployed from RVs or from underwater vehicles funded by other sources than EUROFLEETS2. **The call will open in June 2013.**
