WP1 - Coordination & Dissemination Steering committee meetings & reports Submission of publications (orientative) Dissemination in conferences General management & supervision Development & maintenance of make	
Submission of publications (orientative) Dissemination in conferences General management & supervision	
Dissemination in conferences General management & supervision	
General management & supervision	
Development & maintenance of web	
WP2 – Exploration of end-user needs	
End-user requirements survey & report	
WP3 – Setup & Pre-analyses Background review & goals consolidation	
Database collection & web organization	
Clustering extreme indices for vegetation	
Clustering extreme indices for vegetation	
WP4 - Observed Variability & Attribution	
Machine learning model for vegetation	
Fingerprint attribution for vegetation	
Fingerprint attribution climate extremes	
Machine learning sensitivity veg-climate	
WP5 – Comparison to IPCC ESMs	
Past-time evaluation vegetation dynamics	
Past-time evaluation climate extremes	
Model predictability of future vegetation	
Model predictability of future extremes	
WP6 – Synopsis	
Synthesis & societal implications	
PhD thesis writing	
Future roadmap	

 Table 2 | Timetable of project activities and organisation in Work Packages (WPs).
