by impulse.brussels

lifetech.brussels,

Single point of entry to support the development of your health project in Brussels

Who are we ?

Vision & Missions

lifetech.brussels is:

- the **public** enabler for innovation and **entrepreneurship**
- in **Digital Health** and in **Medical Technologies**
- in order to support the development of value-based medicine, patient empowerment and continuity of care
- in the **Brussels Capital Region**

Missions:

1. Strengthen the sustainability of innovative projects through:
 - Individual and collective **coaching**
 - Improvement of **collective knowledge**
2. Build **bridges** between different stakeholders (de-silo healthcare)
3. **Represent** Digital Health and MedTech Brussels-originated innovations

What can we do for you?

Coaching

**120 companies/
projects received**

Connect

**20 events
gathered 1.173
participants**

Ecosystem

**Launch of
e-health.brussels**

Coaching

1° Individual coaching
