

# ERA-ENVHEALTH – 2<sup>nd</sup> call for transnational research projects

24 January 2012

2<sup>nd</sup> ERA-ENVHEALTH call for transnational research projects on:

**"Air pollution in urban areas –  
health impacts on vulnerable groups under changing conditions"**

Launched within the framework of ERA-ENVHEALTH, this call for transnational research projects aims to provide a transnational vision to support policy-making.

A first call about "Health vulnerability resulting from future climate change impacts on soil-water ecosystems, land use and water resources at regional scale" was launched on 3<sup>rd</sup> march 2008. It led to the selection of two projects, funded by French, Dutch and UK partners. More information at [www.era-envhealth.eu](http://www.era-envhealth.eu)

The 2<sup>nd</sup> call is open to proposals for transnational scientific research projects that:

- link scientific advancement to challenges in E&H research, policy and practice
- generate new knowledge and insights,
- generate added value by linking expertise and efforts across national borders, leading to research projects designed at the appropriate scale and scope
- provide a transnational vision to support policy-making.

**Policy-oriented, integrated, applied research is requested.**

For this second call, a total amount of 1.35 M€ has been provisionally reserved by the 5 funders in France, Belgium, Germany and Sweden. Indicative budgets for each organisation are given below:

Country	Funding Partners	Indicative budget
France	ANSES - Agence nationale de sécurité sanitaire de l'alimentation, de l'environnement et du travail	400 000 €
	ADEME - Agence de l'environnement et de la maîtrise de l'énergie	150 000 €
Belgium	BelSPO - Belgian Federal Science Policy Office	400 000 €
Sweden	Swedish EPA - Swedish Environmental Protection Agency	300 000 €
Germany	UBA - Umweltbundesamt	100 000 €

In principle, each participating team in a funded project will be funded by his or her national organisation(s) funding the call. The funders will attempt to ensure that the top-ranked proposals are funded to the maximum extent possible.

The call is carried out in **2 stages**:

- 1) A **letter of intent** must be submitted using the **letter of intent application form (see annex 3)** and electronically via email to the call secretariat at **email address: [envhealthcall@anses.fr](mailto:envhealthcall@anses.fr) before 16:00 Paris, France time on Friday 30 March 2012.**
- 2) **Full proposals**, if the letter of intent has been selected, which must be submitted using the **full proposal application form (see annex 4)** and electronically via email to the call secretariat at **email address: [envhealthcall@anses.fr](mailto:envhealthcall@anses.fr) before 16:00 Paris, France time on Thursday 21 June 2012.**

Strict eligibility criteria apply. Prior to sending the letter of intent or the full proposal, please read carefully all call documents. Please note: This is a transnational call, all documents are in English and all submissions must be done using the mandatory application forms in English.

**All information and documents relating to this call are available on the ERA-ENVHEALTH website: [www.era-envhealth.eu](http://www.era-envhealth.eu)**
