AVAILABLE DOCUMENTS

Before you begin, be sure to consult the different documents concerning this call that are available on the NGCAT website: https://www.belspo.be/defra/NGCAT_call_2024_en.stm

POSSIBLE PARTNERS

The NGCAT online Submission Platform is accessible for potential applicants affiliated to the following types of organisations. The eligibility criteria for project partners are set out in section 2.5.1. of the Information document.

- Universities
- Colleges of Higher Education
- Federal Scientific Institutions
- Defence Research Institutes
- Other Public research institutes
- Private non-profit research centres

WHO CAN ACCESS THE PLATFORM?

Only the coordinator can create, edit and submit an Expression of Interest and Full proposal. Partners included in a proposal will not have access to the given Expression of Interest or Full proposal.

HOW TO ACCESS THE PLATFORM

The creation of a personal profile via the registration procedure is required in order to access the online Submission Platform. Each account is linked to a unique email address. The same registered account will be used for all the Expressions of Interest and Full proposals in which the applicant is involved.

HOW TO COMPLETE AN EXPRESSION OF INTEREST OR FULL PROPOSAL

The information related to an Expression of Interest needs to be filled in directly into the online platform. In addition, companies, a(i)sbl and foundations must upload the extract of the Ultimate Beneficial Owners Register (UBO) on the platform.

Full proposals are composed of fields to be completed online and additional documents to be downloaded, filled out, and uploaded onto the platform. These templates are available on the NGCAT submission platform. BELSPO will not accept Expressions of Interest or Full proposals other than the ones submitted via the platform.
Expressions of Interest and Full proposals must be written in English and formulated concisely, avoiding abbreviations. The font used for the uploaded documents must be Calibri, size 11, with 1.15 line spacing.
