# SRC'10
## Research, development and innovation for a more secure Europe

22-24 September 2010
Kursaal Oostende

## POSTERS

eu trio.be

**Risk based security assessments and security risk management**
 - **Maerli, B.M.B** - Det Norske Veritas AS, Norway

**Increasing security and resilience of critical information infrastructures**
 - **Oliviero F.** - Consorzio Interuniversitario Nazionale per l'Informatica, Italy

**A scenario-basted approach to future airport security**
 - **Cole, M.** - Bauhaus Luftfahrt, Germany

**Challenges to the purpose specification principle in an EU-wide Area of Freedom, Security and Justice.**
 - **Coudert, F.** - K. U. Leuven, Belgium

**Security issues and a virtual legal system in the VirtualLife virtual world platform**
 - **Čyras, V.** - Vilnius University, Lithuania

**ODIN - Odour Detection of Illegal substaNces**
 - **Fernandez de la Mora, G. -** SEDET, Spain

**A Protection Profile for secure risk level sharing among Critical Infrastructures**
 - **Harpes, C.** - itrust consulting s.a.r.l., Luxembourg

**EFFISEC - Efficient Integrated Security Checkpoints**
 - **Krastev, K.** - MORPHO/Safran Group/Montrouge, France

**INDECT Project - Intelligent Information System Supporting Observation, Searching and Detection for Security of Citizens in Urban Environment**
 - **Leszczuk, M. -** AGH University of Science and Technology, Poland

**IBBT Security Activities: One Stop Shop for Security Research**
 - **Lievens, E.**, - K.U.Leuven, Belgium

**LOGSEC - Development of a strategic roadmap towards a large scale demonstration project in European LOGistics and supply chain SECurity**
 - **Morron, M.** - EFP Consulting Ltd, United Kingdom

**MIFSAS - Multidimensional Information Fusion in Situation Awareness Systems**
 - **Oittinen, T.** - University of Helsinki, Finland

**FESTOS - foresight of evolving security threats posed by emerging technologies**
 - **Remes M.** - EFP Consulting Ltd, United Kingdom

**SANDERA - How will the European Research Area interact with defence and security policy in the future?**
 - **Teichler, T.** - Manchester Institute of Innovation Research, United Kingdom

**MICIE - Tool for systemic risk analysis and secure mediation of data exchanged across linked CI information infrastructures**
 - **Sprońska, A.** - Industrial Research Institute for Automation and Measurements, Poland

**Application of improved NQR detection of illicit substances for better security**
 - **Trontelj, Z.** - Institute of Mathematics, Physics and Mechanics, Slovenia

**Real time geo-referencing of video images for forest fire using web services**
 - **Lewyckyj, N.** - Flemish Institute for Technological Research, Belgium

**INFRA – Innovative Novel First Responder Applications**
 - **Moss, A.** - AthenaGS3 Security Implementations Ltd., Isreal

**A new, scalable, Helium-3 free neutron detector**
 - **Dermody, G.** - Symetrica, United Kingdom

**OPTIX - Optical Technologies for the Identification of Explosives**
 - **Serrano, L.** - Indra Sistemas, Spain
